# What is Freedom Editors?

Freedom Editors is a **platform designed to support people building location-independent lives.**

Through **mentorship, community tools, and resources**, we help travellers, creators, and aspiring digital nomads gain guidance from **people already living the lifestyle.**

Mentors play a key role in helping individuals:

- Plan long-term and short-term travel (backpacking and suitcase travel)
- Explore remote work opportunities
- Develop projects or businesses
- Build confidence in pursuing unconventional lifestyles

# The Role of a Mentor:

Mentors provide **guidance and real-world insight** based on their own experiences.

Typical responsibilities include:

- Attending scheduled **mentoring calls**
- Listening to **mentees' goals and challenges**
- Providing **practical advice** and perspective
- Helping mentees **identify next steps**
- Sending a **brief follow-up summary** after sessions

**Mentors are there to guide and support, not provide professional legal, financial, or medical advice.**

# How Mentorship Sessions Work:

Mentoring takes place through **pre-booked calls** via the Freedom Editors platform.

Call types include:

- **Quick Fire** – short focused questions
- **Spark Session** – early idea exploration
- **Deep Dive** – more detailed planning
- **Vision Builder** – long-term strategy and lifestyle planning

Mentors **set their own availability** on the platform.

# Independent Mentor Status:

Mentors are **independent contractors**, not employees of Freedom Editors.

This means:

- Mentors **manage their own schedules**
- Mentors **invoice Freedom Editors monthly**
- Mentors are **responsible for their own taxes**
- Mentors can **choose how actively they participate**

This structure allows **maximum flexibility** for mentors who travel or work remotely.

# Phase of the Program:

The mentor program is currently in its **early development phase**.

This means:

- The **platform is still growing**
- Client numbers will build **gradually**
- Sales may initially be **slow**
- Mentors are **encouraged to promote** their services

**Early mentors help shape the platform and community.**

# What Mentors Gain:

## Being a Freedom Editors mentor offers:

- Opportunity to share your experience
- Exposure within the Freedom Editors platform
- Potential to build personal connections in your niche
- Flexible income alongside travel or remote work
- A chance to contribute to a growing global community

**Mentors help shape the direction of the platform as it evolves.**
